Well we have been at new yard for nearly a year (time goes so fast)

We have had a very busy year with the normal ups and downs that go hand in hand with horses. we have had a very successful time at competitions with both junior and senior teams qualifying for championships (where not able to go due to time etc) Another national champion for Royal connection and now fewer than 6 of our members / client qualifying for versus championships in 2015. we are also taking a Scottish team to Centers championships in August

I am also going to be working on updating web site. If you are wanting to book lessons or schooling etc this needs to be at least 2 weeks for lessons and 4 weeks on schooling (waiting list at moment for schooling!) We have a number of courses coming up details on our
